Experience

AWS Cloud Trainee 2025
ToriiMinds
- Set up secure virtual networks, subnets, and user access roles across multiple zones.
- Automated backend tasks and cloud setups using basic Lambda functions and Bash scripts.

AI Ready Engineer 2026
ToriiMinds
- Built and tested simple AI workflows using LangChain and ready-to-use LLM models.
- Connected AI models to user interfaces using basic REST APIs to improve response accuracy.

Projects

Refill flow Healthcare Refill Operations 2026
- Built a portal for patients and clinics to request and track medicine refills.
- Added automated reminder alerts to help patients reorder prescriptions on time.

AI Enabled Travel Planner 2025
- Created a web app that uses AI to generate daily trip plans and budgets quickly.
- Connected maps and location data to show the best routes for users.

Smart Automated Irrigation System 2024
- Built a device using Arduino and soil sensors to check soil moisture automatically.
- Programmed the system to turn the water pump on and off to save water.

Technical Skills

- **Languages:** C, C++, Python, Java, SQL, JavaScript, Bash
- **Cloud Platforms:** Amazon Web Services (EC2, S3, IAM, VPC, Lambda, CloudWatch), Google Cloud Platform (Compute Engine, MIG, Cloud NAT, Cloud Run)
- **DevOps & Tools:** Terraform, Linux/Unix, Git, GitHub Actions, CI/CD, RESTful APIs, Postman
- **Databases & Frameworks:** MySQL, MongoDB, Node.js, Express, Flask, React
- **Core CS Competencies:** Data Structures & Algorithms, Computer Networks, Operating Systems, DBMS, System Architecture

Education

Nagarjuna College of Engineering and Technology (NCET) Expected 2027
Bachelor of Engineering (B.E.) in Computer Science and Engineering – **CGPA: 8.58/10** Bengaluru, India

St. Joseph PU College 2023
Pre-University Course (Class XII) – **91.83%** Vijayapura, India

Achievements & Certifications

- **AWS Certifications:** AWS Certified Solutions Architect – Associate; AWS Certified AI Practitioner.
- **Google Cloud:** Google Cloud Fundamentals Core Infrastructure.
- **Competitive Programming:** Solved 100+ Data Structures and Algorithms problems across LeetCode and CodeChef.
- **Hackathons & Exhibitions:** Competed in HyperAPI Global Hackathon; presented Smart Irrigation System at SCI-NOVA 2024 Project Exhibition.

Languages

Kannada: Native | **English:** Professional Working Proficiency
